# COMPRESSION COUPLING

Processing your Future

Cutting edge design makes for a lighter coupling  
with superior performance

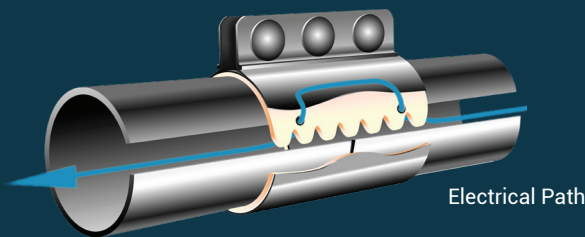

- Sizes: 1 ½" up to 8" tubing with aggressive pricing
- 100% Lead Free product
- New advanced eyelet design for conductivity
- Improved PSI/HG ratings with the new coupling
- Reduced installation time up to 30% with a lighter weight coupling
- Static dissipative eyelet works even on painted tubing, no sanding the paint needed

		3 15/16	5 29/32
SIZE OD	1 1/2" to 8"		

## New advanced eyelet design for conductivity

## SPECIFICATIONS AND STANDARDS

- Sizes: 1 1/2" up to 8" tubing
- Outside skin and gasket cover in 430 Stainless Steel (L & M) and galvanized steel (HL)
- Galvanized carriage bolt with flange nut (no washer needed)
- White NBR FDA gasket or black rubber SBR gasket

## OPTIONS

- All stainless steel 304L version
- Silicone VMQ gasket -85°F/+437°F
- Gasket protective ring in stainless steel 304L
- Stainless Steel sidebands
